Development

Iliamna Natives Limited

Iliamna

January 9, 2012

To: Lisa Jackson

Dear Ms. Jackson;

My name is Lisa Reimers and I am representing these organizations and we would like to request a meeting with you, Ms. Jackson in Washington D.C.

We would like to have a meeting with you to discuss our community, Iliamna. We would like you to get to know our group of leaders and our challenges with our Village in Alaska. We think it would be very beneficial for you to hear from us directly.

We are fifteen miles from the proposed Pebble project and we want to be heard in our own voice, not another Village, Regional Corporation or agency speaking on behalf of us. The reason we believe we need to meet with you in person is to relay our point of view of what is best for us, our community and our land.

We are the governing body of the Village, the largest land holder in the area and we are a local business there to help our community. We know our communities successes, challenges and our plans for our future. We would like the opportunity to share this with you.

Please let us know if the end of January will work for you to meet with our group. There may be others from the other communities who will join us.

Thank you for your time.

Best Regards,

Lisa Reimers, CEO

Lorene Anelon, President of the Iliamna Village Council, Non-profit gov't organization
